Below is a schedule of events and be sure to check on citywalk.ae/en/whats-on to keep up to date with what's happening in your community:

Date	Activity
October 9-14, 2019	Arab Fashion Week
October 15-26, 2019	Fashion Shows, Fragrance Fair, Kids Activities and Entertainment

Play it Safe – Get Insured

What many residents don't know - the insurance maintained by the Meraas Community Management only covers the structure of the building. Therefore, contents such as your furniture, electrical appliances, curtains and carpets, would not be covered. Homeowners can suffer significant losses when their personal property is not insured if there is a fire, unexpected events, natural calamities, water damage or even accidental damage. It is highly recommended that you take out adequate insurance on the contents of your home.

What plan should you take?

- Most plans cover water damage, fire, natural disasters and theft but not cover you against damages a resident may inadvertently cause himself.
- If you are a homeowner, ensure you choose a plan that covers against damages caused by tenants

What should you insure?

Go through details of the plan's coverage to check if it covers all your furniture, electronics, and valuables. This is important – insuring your belongings might not always cover items like jewelry and art.

Tip – make a list of your belongings and their prices before applying for insurance to ensure you get sufficient coverage.

Where should you go?

- There are over 50 licensed insurance companies in the UAE, offering a variety of plans.
- Always read the fine print and ask questions regarding coverage and claims.

Fun Fact – Some policies even cover the contents of your fridge
