Dear Residents,

**Proposed Project: Scarborough, Landsborough Avenue
Bill Marsh Lookout Park - Park Upgrade**

In response to recent community feedback regarding the installation of a park shelter, picnic setting and BBQ at Bill Marsh Lookout Park, Scarborough, Council has determined that there is a lack of community support for the construction of the project.

As a result, Council has decided at this time not to progress further with this park upgrade project and would like to thank residents for contacting Council with their comments.

Should you wish to obtain further information regarding the project, please contact Council on telephone (07) 3205 0555 or by emailing mbrc@moretonbay.qld.gov.au quoting reference number 105614.

Yours faithfully,

Ashley Newson
Coordinator Project Development - Local Community Infrastructure
Project Management
